

DigiPen P100

- Digital pen with ink cartridge

The DigiPen P100 is an ultra-thin & light digital pen with regular and replacement ink cartridge for ACECAD DigiMemo. Its size and weight are almost like those of normal ball pen. It is your essential tool when writing notes, sketching drawings and outlining ideas upon your DigiMemo. It can be used with ACECAD DigiMemo series products.

Contents

- Digital inking pen (DigiPen P100)
- Two replacement ink cartridges (Blue)
- One 1.55V button cell battery

Compatibility

***This pen shipped standard with all DigiMemo series.**

Installing the Battery into the Digital Inking Pen

Unscrew the barrel cover counter clockwise from the barrel of the pen. Take out the button cell battery (SR626SW, 377 or IEC-SR66) that is included in the package. Insert the battery into the battery compartment with the negative (-) cap facing the battery compartment. Screw the barrel cover clockwise onto the barrel until tight.
